

Online Resources for the Family

These are some of our favorite links for families. We can't guarantee that everything on every site will meet with everyone's approval, but we have found these sites helpful or worth supporting. Enjoy the site seeing!

Family Life www.familylife.com

FamilyLife, a division of Campus Crusade for Christ, provides practical, biblical tools to strengthen marriage and family relationships.

National Center for Biblical Parenting www.Biblicalparenting.org

We have a vision to help parents change the way they think about parenting. The scriptures are relevant and practical for families of all types, whether they be traditional families, single parent families, or blended families. Our goal is to provide practical biblical resources, National Christian Parenting Conferences, and local Effective Parenting Support Groups to give parents new insight into how to live their lives according to God's Word.

Focus on the Family www.family.org

Family.org is a website of Focus on the Family. Our mission is to cooperate with the Holy Spirit in disseminating the Gospel of Jesus Christ to as many people as possible, and, specifically, to accomplish that objective by helping to preserve traditional values and the institution of the family.

Family Research Council www.frc.org

The Family Research Council (FRC) champions marriage and family as the foundation of civilization, the seedbed of virtue, and the wellspring of society. FRC shapes public debate and formulates public policy that values human life and upholds the institutions of marriage and the family. Believing that God is the author of life, liberty, and the family, FRC promotes the Judeo-Christian worldview as the basis for a just, free, and stable society.

Instead of TV www.insteadoftv.com

The goal of this site is to help you spend less time plugged in, and more time doing fun things with your family. Life without TV is just plain better!

American Family Filter www.afafilter.com

While the Internet is a wonderful thing, most parents are concerned with protecting their loved ones from the temptations, dangers and harmful material that gradually invades most homes.

The AFA Filter by Bsafe Online has strong, always current Internet filtering software and porn blocker technology that is so easy, any novice can install a free trial right now. Endorsed by American Family Association and many other leading ministries and organizations, Bsafe Online has a passion for protecting families on the Internet.

Family Watchdog www.familywatchdog.us

This service exists for one reason, and one reason only. The founders are tired of reading stories about missing 9 and 10 year old children killed by registered sex offenders, and decided to do something about it. We invite you to use our free service to locate registered sex offenders in your area. You just enter an address, and we'll show a map. You can click on the squares that appear, and see photos (where available), addresses, and convictions.

Kid Info www.kidinfo.com

The Web's Best Homework and Student, Teacher/ Parent Web Resource

Control Your TV www.controlyourtv.com

Learn how to better control what your kids are able to watch on TV.

Kids in Danger www.kidsindanger.org

Kids In Danger (KID) is a nonprofit organization dedicated to protecting children by improving children's product safety

FamilyFacts www.familyfacts.org

The Heritage Foundation's familyfacts.org catalogs social science findings on the family, society and religion gleaned from peer-reviewed journals, books and government surveys. Serving policymakers, journalists, scholars and the general public, familyfacts.org makes social science research easily accessible to the non-specialist.

Home Invasion www.homeinvasion.org

Protecting your family in a culture that's gone stark raving mad!

The Porn Talk <http://theporntalk.com>

The Porn Talk team is made up of family life experts, professional counselors, pastors, creative directors, parents, teens, and Web developers who are dedicated to helping parents address the issue of pornography and Internet dangers.
